

April 24, 2020

Dear Pathways Students and Families,

This week marks the end of our first full learning period completed remotely. Pathways staff are diligently working to stay connected with every student and still holding appointments twice a week. We're happy to report that most students are still progressing towards their goals despite the transition to distance learning! Parents, you can continue to support your child by making sure they are completing their check-ins and weekly assignments.

Many students are using our online platform, Edmentum. Here is a video overview of the platform if you would like to familiarize yourself with it:

<https://www.youtube.com/watch?v=LSloopM5wK8&feature=youtu.be>

Since we are going to be at this for at least a few more months, we want to make sure every student has what they need to continue on their path to graduation. Teachers are available to answer progress questions and offer support whenever needed. Parents, we would love to hear from you as well!

Please see all teacher and counselor contact information below. We are all here to help!
